CHILDREN'S FACES .- It is interesting to study human nature in children's aces to see the effect of different modes of education upon divers developments of wind and body. Many children look sour, wilful and ugly; whilst others look happy, pleasant and sweet as child-

Much as perfect or diseased phyiscal natures, proper or improper dies may have to do in producing these appearauces, home discipline and example, as a general thing, have more. Mothers do not realize that they fasten their own feelings, so far as expressed in their countenances, upon the faces of their offspring. She who scowls and frowns habitually must not expect Ler child to look joyous, but gnarled and surly.

Like mother, like child; only she who sows the wind in the heart of her daughter, may expect to see the whirlwind gather and burst forth, as our harvests are generally more plentiful than the seeds we scatter. Select a very pleasant-looking child and notice if it has not a pleasant-looking mother, one who arswers many of it: thousand and one questions with a warm-loving smile, instead of turning away the inquiring mind and fretting at its endless

It is not generally known how extensive are the works on the Fremont estate in California. A late San Francisco journal says there are now seven quartz mills in operation, and adds: 'The average yield of these mills recently was over \$340 per day each, over \$2,-300 per day collectively, and nearly \$19,000 for every eight days' run! The last eight days' product reached \$18,996 31 in gold bars, which arrived in this city on Monday last. The gold, we understand, is pretty evenly distributed throughout the quartz so that there is no likelihood of much fluctuation in the yield. At this rate the Colonel will be entirely clear of all his complications in the course of two or three months, and then he will commence to realize near a million dollars per annum ! or (counting it at that rate exactly) \$2,515 34 every day of the

PROSPEGUS

The Independent is published every week, in Oskaloosa, Jefferson County, Kansas, and is devoted to

Literature, Arts and Sciences, LOCAL AND GENERAL NEWS Agriculture, Horticulture & Markets, and all features necessary to make it a suitable and desirable paper for THE HOME CIRCLE,

The Merchant, Mechanic, and Farmer. As its name indicates, it will be independent on all subjects, (not neutral,) and in all respects up with the times-'a live paper,' fearlessly following where Truth shall lead the way,' careful of others' rights, firmly maintaining its own.

In conducting this enterprise, th proprietor brings to his aid the valuable knowledge acquired in Ten Years Experience as an Editor and Publisher, and knowing no such word as fail, he feels confident of success, and hopes to meet a kind and welcome reception among new acquaintances and future friends.

Until the undersigned arrives a his future home, to take charge of the office, the business and local interests of the paper will be conducted by Jonn W. Dar, Esq., Oskaloosa ansas, to whom applications should acts or letters addressed.

J. W. ROBERTS, Proprietor.

Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the conever be its origin, it is hereditary in the con-stitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul cor-ruption, which genders in the blood, depresses tions not only suffer from scrofulous com-plaints, but they have far less power to with-stand the attacks of other diseases; consequently vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or

are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking in-fection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and in-rigorate it by healthy food and exercise. Such a medicine we supply in

tre me poverty, Medicine's turnisted free of charge.
Valuable reports on Spermatoribona, and other diseases of the Sexual Organs, and on the New Remedies employed in the Dispensary, sent to the afflicted in scaled letter envelopes, free of charge. Two or three stemps for postage will be necessarily to the properties of the stemps for postage will be necessarily to the secondary from the most active remedials that have been discovered for the expurgation of this foul discovered from the blood, and the rescue of the system from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only Scrofula, but also those other affec-tions which arise from it, such as Entryive not only Scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erystpelas, Pentles, Pustues, Pustues, Blotches, Blains and Boils, Tunors, Tetter and Salt Rheuk, Scald Head, Ringwork, Rheukatish, Syphilitic and Merchall Disease Chicago R. S. St. Physics and Fort Wayne & Chicago R. S. St. Physics, and Fort Wayne & Chicago R. S. St. Physics, and Fort Wayne & Chicago R. S. St. Physics, and Fort Wayne & Chicago R. S. the Malaria of Miasmatic Countries.

We are enabled here to offer the community a remedy which, while it chres the above complaints with certainty, is still perfectly harmless in any quantity. Such a remedy is invaluable in districts where these afflicting disorders prevail. This "Cura" expels the miasmatic poison of Fryan AND AGUR from the system, and prevents the do velopment of the disease, if taken on the first ap proach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar bringe it within the reach of every body; and in bilious districts, where Fryer and Agur prevails, every body should have it and use it freely both for cure and pretection. A great superiority of this remedy over any other ever discovered for the speedy and certain care of Intermittents is that it contains no dumine or mineral, consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its invitation.

the miasmatic poison. A great variety of disor-ders arise from its irritation, among which are Neuralgia, Rheumatism, Gond, Headache, Elind-ness, Toothache, Euruche, Catorrh, Asthma, Fulpitation, Painful Affection of the Spicen, Hysteries, Pain in the Bowels, Colic, Paralysis and Derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "Cure" expels the poison from the blood, and consequently cures them all alike. It is an invaloable protection to immigrants and persons travelling or tenescond. SCOUR IN ANY SOIL.
